"Even though I study in a boarding school in the U.K., my experience at SABIS® Educational Summer Camp was really different! I have learned to be more independent and have met new friends. I joined most of the on-campus activities but I liked the Photography and Science clubs the most. I think the summer vacation was too short and I wish I could have stayed longer!"

Kareen Homsy, 16 years old, student at a school outside of the SABIS® Network

Every year, the SABIS® Educational Summer Camp brings together students from around the world for an exceptional experience in the heart of the British countryside.

"I never felt home sick in my life but when I first arrived to this camp, I really felt home sick and missed my mom and dad. I could not get along with anyone in this camp and I kept calling my parents asking them to collect me from this camp. My teachers and friends insisted to keep me in the camp until the last minute and encouraged me to participate in all the activities. One day, everything changed! I felt that Ashwicke Hall School was my second home and did not want to go back to my home country. I will always remember this experience because it changed me to the better. I hope I can come again in the future."

Eyas Hanbali, 12 years old, AIS, KSA

Lots of fun on-campus activities are offered to students at the camp to keep them engaged and excited such as Hiking Club, Cycling Club, Kite-Making Club, Cooking Club and much more.
