ACCOMMODATION

The summer camp gives many campers their first experience living away from home and the chance to develop a sense of independence and responsibility. The campers enjoy comfortable and safe accommodation throughout their stay. The girls and boys are hosted in separate, supervised dormitories in different buildings on campus and enjoy healthy and well-balanced meals daily.

The school grounds are monitored around the clock by security guards to ensure the safety of our campers during their stay on campus.

"Our daughter had a wonderful time and came back full of great stories, new friendships, and unforgettable memories.

We truly appreciate the care, energy, and effort you all put into making the camp so enriching and enjoyable. It was a great opportunity for her to grow, learn, and have fun in such a supportive environment."
